TRACKER RESPONSE - Always there for you

Tracker Response is your first responder in the event of an accident. You'll have peace of mind, knowing that you and your family are cared for and protected.

A built-in notification system is activated in the event of an impact involving your vehicle. Upon receiving the impact notification, we will make immediate contact to establish your required emergency assistance.

Should you be unable to respond, medical and towing assistance will be automatically dispatched to your location.

Tracker Response is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

A traffic light on a pole against a clear blue sky. The traffic light has three lenses; the bottom lens is illuminated with a bright green heart shape. To the right of the traffic light is a yellow circle containing the text "Find the Tracker that works for you." in bold, dark grey font. The word "Find" has a small white rectangular highlight under the "i".
