Tracker Care

TRACKER CARE - Always by your side

Tracker Care is so personalised, it's inspired by the care you take in looking after yourself and your loved ones.

You will have a convenient assist button that can be activated in a roadside or medical emergency. You can easily share your journey with family and friends.

Tracker Care's benefits include an In-App Car Guard, Zones Management and movement notifications. There's even a smart Key Tag that notifies us of any unauthorised movement of your vehicle. You will always know that your vehicle and the people in it are safe and sound. In addition, impact detection technology alerts us of any accident. Even if you are unable to respond to us yourself, help will be sent to you and your loved ones.

Tracker Care is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

Tracker Protect

TRACKER PROTECT - Always in control

Looking for a little more peace of mind on the road?

Tracker Protect allows you to track and monitor your vehicle anywhere within South Africa's borders. You are also able to set up notifications like In-App Car Guard and Standard Risk Notifications like main battery disconnect, border proximity and high-risk areas.

You have the added advantage of a Key Tag that allows Tracker's Monitoring Control Centre to proactively engage with you should your Tracker device register unauthorised movement of your vehicle without your Key Tag being detected, saving valuable time in the event of an emergency with this early notification system.

In addition, Tracker Protect gives you convenient Licence Reminders and even a Trip Logbook for tax purposes. Tracker Protect is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

Tracker Recover

TRACKER RECOVER - Always in the know

Tracker Recover allows you to monitor your vehicle's location via the Tracker Connect Mobile App. It includes rapid response Theft Retrieval.

In case of theft, one call to our National Emergency Control Centre will allow us to track and recover your vehicle anywhere within South Africa's borders. Alternatively, you can report your stolen vehicle swiftly via a slider on your smartphone application.

Additional features like a Trip Logbook, Licence Reminders and more help keep you on the road.

Tracker Recover is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

Tracker Response

TRACKER RESPONSE - Always there for you

Tracker Response is your first responder in the event of an accident. You'll have peace of mind, knowing that you and your family are cared for and protected.

A built-in notification system is activated in the event of an impact involving your vehicle. Upon receiving the impact notification, we will make immediate contact to establish your required emergency assistance.

Should you be unable to respond, medical and towing assistance will be automatically dispatched to your location.

Tracker Response is suitable for all vehicles and is recognised by motor manufacturers and major insurers.

A vertical traffic light on a black pole against a clear blue sky. The bottom green light is illuminated and shaped like a heart. To the right, a smaller horizontal traffic light is also visible. A large yellow circle is positioned in the upper right area of the image, containing the text 'Find the Tracker that works for you.' in a bold, dark font. The word 'Find' has a small white rectangular highlight under the 'i' and 'n' characters.

Tracker Smart Geyser

**Save
up to 40%
on electricity
and be this
happy.**

Tracker Smart Geyser

TRACKER SMART GEYSER - Saving through control

We all need our geysers; they are essential to living a comfortable life. But they can be quite tricky to manage in these times of sky-high electricity bills. Tracker Smart Geyser helps you proactively monitor your geyser's health and save a significant amount of money with reduced electricity usage.

The benefits of the Tracker Smart Geyser:

- Enjoy electricity savings of up to 40%.
- A 98% reduction in water damage from geyser failure.
- A 90% reduction in the chance of the geyser element blowing.

With the user-friendly smartphone app, you can share control of the geyser with tenants, family and friends. In addition, you can monitor daily usage, energy savings and the scheduling of your geyser's running time. The app will also provide you with instant fault notifications.

HOW DOES TRACKER CAREGUARD WORK?

- Sign up to become a Tracker CareGuard subscriber.
- Save Tracker CareGuard as a WhatsApp contact on your phone.
- Should you need emergency assistance, just drop us a pin via WhatsApp.
- We will send an emergency request to the five closest responders to your current location.
- The closest responder to your location will be activated and accept your emergency request.
- The responder is then navigated directly to your location.
- The responder will also receive an instant profile of you with your identity and other relevant information, ensuring that they are able to identify you immediately.
- You will receive information, so that you can track and identify the responder.
- We also provide control room backup that oversees all activations and can dispatch additional resources if required, such as SAPS or EMS.

TRACKER CAREGUARD

- Rapid mobile emergency response at the drop of a WhatsApp pin

Whether you're walking, waiting, jogging, driving, shopping or cycling, or simply relaxing at home, Tracker CareGuard provides rapid emergency response at the drop of a WhatsApp pin.

Tracker's protection and care is never more than 5 minutes away, with 1500 armed responders posted around the country ready to react.

Tracker CareGuard offers various packages to meet your specific needs:

- Tracker CareGuard for Me
- Tracker CareGuard for Me + One
- Tracker CareGuard Family (for up to 5 Members)

Tracker Rescue

This product is brought to you by Tracker Financial Services (Pty) Ltd., an Authorised Financial Services Provider, FSP license number 42862 and underwritten by Guardrisk Insurance Company Ltd., an Authorised Financial Services Provider, FSP license number 75. Tracker Connect (Pty) Ltd. is a Juristic Representative of Tracker Financial Services (Pty) Ltd.

Lean on us with TRACKER RESCUE

Losing important personal belongings in a car theft, hijacking or accident can be stressful and inconvenient. Tracker Rescue helps make life easier during the unfortunate event of vehicle theft in these vulnerable times.

Tracker Rescue will provide you with:

- R3 000 in cash.
- A mobile phone and R300 airtime or R1 000 - the choice is yours.
- Trauma counselling for nominated occupants of the vehicle.
- A rental car for three days, delivered to you with the first tank of petrol on us and toll fees included. The vehicle will be delivered to an address of your choice and will include comprehensive insurance.

A Tracker Rescue emergency pack which includes:

- Contact numbers to assist you in blocking your stolen bank cards and blacklisting your stolen cell phone.
- Application forms to apply for your identity card, passport and driver's licence.
- The emergency pack will be delivered electronically where appropriate.
- No excess is payable.

AT HOME. ON ROADS. IN LIFE.

WARRANTY - Care for your Tracker

All Tracker units are recognised by major insurers and motor manufacturers. Well-trained Tracker-authorised technicians install the small tracking device in your vehicle.

Our class-leading technology has been tested worldwide for Electromagnetic Compatibility (EMC) to ensure that our units will not interfere with a vehicle's management system and on-board computer.

The Tracker system is designed to require minimal maintenance. At the time of installation, the Tracker system is carefully tested to ensure that it is working properly. Even though you can see your unit is working, we continue to perform regular checks on the health of your Tracker unit.

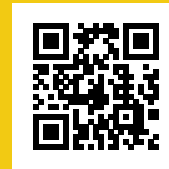

Tracker takes care to the next level by proudly offering a warranty on all Response, Recover, Protect and Care devices for the full duration of your subscription with Tracker.
