GOT
YOU**

AT HOME. ON ROADS. IN LIFE.

WE GOT YOU.

We design our innovative products and smart services with one goal in mind; to safeguard and support you at home, on roads and in life.

From protecting your loved ones, running your business smoothly, tracking and taking care of your car and even saving on your electricity bill, you can always trust Tracker to make your life a little easier and a lot more stress-free.

HOW DOES TRACKER CAREGUARD WORK?

- Sign up to become a Tracker CareGuard subscriber.
- Save Tracker CareGuard as a WhatsApp contact on your phone.
- Should you need emergency assistance, just drop us a pin via WhatsApp.
- We will send an emergency request to the five closest responders to your current location.
- The closest responder to your location will be activated and accept your emergency request.
- The responder is then navigated directly to your location.
- The responder will also receive an instant profile of you with your identity and other relevant information, ensuring that they are able to identify you immediately.
- You will receive information, so that you can track and identify the responder.
- We also provide control room backup that oversees all activations and can dispatch additional resources if required, such as SAPS or EMS.

A traffic light on a black pole against a clear blue sky. The traffic light has three lenses; the bottom lens is illuminated with a bright green heart shape. To the right of the main traffic light is a smaller, side-mounted traffic light. A large yellow circle is positioned in the upper right area of the image, containing the text 'Find the Tracker that works for you.' in a bold, dark font. The word 'Find' has a small white rectangular highlight under the 'i' and 'n' characters.
