

**WE
GOT
YOU**

AT HOME. ON ROADS. IN LIFE.

WE GOT YOU.

We design our innovative products and smart services with one goal in mind; to safeguard and support you at home, on roads and in life.

From protecting your loved ones, running your business smoothly, tracking and taking care of your car and even saving on your electricity bill, you can always trust Tracker to make your life a little easier and a lot more stress-free.

Tracker Smart Geyser

A man with glasses and a goatee, wearing blue patterned shorts and white socks, is flexing his muscles in a living room. He is standing in front of a wooden coffee table. The room features a fireplace with a stone surround, a television on a wooden mantel, and a large window with yellow curtains. A chandelier hangs from the ceiling, and a patterned rug covers the floor. A yellow circular graphic is overlaid on the left side of the image.

happy.**

Tracker Smart Geysers

TRACKER SMART GEYSER - Saving through control

We all need our geysers; they are essential to living a comfortable life. But they can be quite tricky to manage in these times of sky-high electricity bills. Tracker Smart Geysers help you proactively monitor your geyser's health and save a significant amount of money with reduced electricity usage.

The benefits of the Tracker Smart Geysers:

- Enjoy electricity savings of up to 40%.
- A 98% reduction in water damage from geyser failure.
- A 90% reduction in the chance of the geyser element blowing.

With the user-friendly smartphone app, you can share control of the geyser with tenants, family and friends. In addition, you can monitor daily usage, energy savings and the scheduling of your geyser's running time. The app will also provide you with instant fault notifications.

A traffic light on a pole against a clear blue sky. The traffic light has three lenses; the bottom one is illuminated with a bright green light that forms a heart shape. To the right of the traffic light is a yellow circle containing the text 'Find the Tracker that works for you.' in a bold, sans-serif font. The background is a gradient from light blue at the top to a pale orange at the bottom, suggesting a sunset or sunrise.
