

Freedom to explore

Tracker takes care of you
and your loved ones, no
matter where you go.

To care is to protect.

To care is to protect

Tracker gives you the freedom to explore your world. With our innovative range of products and services, we ensure that you and your family are cared for and protected. When you're protected you feel safe. And when you're safe, you are free to get out there, knowing that Tracker will take care of you.

With pre-emptive vehicle tracking and intelligence we're with you on every journey, dedicated to making sure your vehicle is always within your control. We have more than 1 million active subscriptions in South Africa alone. You are one Tracker away from having the freedom to explore.

Tracker Response

Always there for you

Tracker Response is your first responder in the event of an accident, providing peace of mind that you and your family are cared for in the moments when trips take an unexpected turn. Tracker Response has a built-in notification system that's activated in the event of a significant impact. Tracker will, on receipt of the impact notification, make contact with you to confirm your required accident assistance.

VALUE ADDED PRODUCTS - Even more protected

Tracker Guard

Tracker Guard gives you protection when you need it most

Tracker Guard is designed for your peace of mind in a breakdown or roadside emergency. Tracker will arrange for a guard to be dispatched to your location to stand with you until your roadside service provider has assisted you.

Accessible

With **Tracker Guard** you receive access to the protection services of a guard when you are stranded on the roadside due to a breakdown or roadside emergency. For your safety, **Tracker Guard** is available day and night, 365 days a year.

Easy to activate

To activate **Tracker Guard**, simply press your assist button in your vehicle or use the slider on your app to connect to a Tracker agent who will facilitate the services of a guard to your location. Alternatively you can contact Tracker on 011 084 8110. The guard will also continue waiting with you until your roadside service provider has finished assisting you.

Quick response

With a national footprint of reaction units in over 100 towns and cities throughout South Africa, we can reach over 90 percent of South Africa's population in an average time of under 30 minutes. These reaction units comprise of professionally trained armed guards for your protection on the roadside.

Location based service

Tracker Guard is a service designed to work in conjunction with Tracker's products and your own smartphone. GPS/ GSM technology can accurately pinpoint your vehicle and smartphone's location. We will know your precise whereabouts in a breakdown or roadside emergency when you push either your vehicle's assist button or the assist button on the app.

**For more value added services and to see how Tracker can assist you, visit our website on www.tracker.co.za
Once you're signed up with Tracker Guard, download the Tracker Guard app for an enhanced service experience.**

Tracker Connect mobile app

Take a proactive role in your Tracker experience

Tracker Connect is a mobile application that adds the next level of care and protection to your Tracker products. Registered Tracker subscribers get access to traffic and trip logbooks. Reporting your stolen vehicle is as simple as using the slider on the mobile app that conveniently initiates a call to Tracker's National Emergency Control Centre for Tracker Care, Protect and Recover Products.

You can also monitor the position of your vehicle on a street or satellite map so that you know your vehicle and its occupants are safe and that your Tracker device is active.

Tracker Connect is a convenient way to take care of your vehicle. You can check the current status of your vehicle – its odometer reading, mileage, whether it is stationary or moving and its speed and location. You can even set SMS, email or in-app notifications so that you can make sure everyone takes as much care of your vehicle as you do.

Tracker Care subscribers can activate the functions associated with the Care product and instantly get access to roadside and medical emergency response by using the slider on the mobile app.

Tracker Response and **Care** customers can also request Accident Assistance via the app.

To download the Tracker Connect app, visit the App Store (iOS) or the Google Play Store (Android).

To care is to protect.
