

**WE
GOT
YOUR
BUSINESS**

Running a business can be stressful, but with Tracker it does not have to be. We are proud to offer a broadened range of smart products and services that are designed to take all aspects of your business to the next level.

Vehicle Tracking

Know where your vehicles are, what they're doing, and that they're safe. So you can focus on running your business.

Driver Safety

With everything from an assist button to a fatigue alert system to driver behaviour reports, we keep your drivers safe on the roads, and make sure they're driving safely too. Better driver behaviour can reduce accidents and maintenance costs and keep your business moving smoothly.

Business Optimisation

Tailor-made fleet management solutions will optimise your business, through smarter, safer and more cost-effective operations.

Value Added Services

Value Added Services add that extra layer of safety and protection, so that you are always prepared for anything.

TRACKER ROADVIEW DASHCAM

See the road. Reduce the risk.

RoadView is an intelligent road-facing dashcam designed to help businesses improve driver safety, reduce risk and gain reliable visibility into on-road events. Combining high-quality video recording with AI-powered event detection, RoadView captures critical incidents and driving behaviours, providing valuable evidence to support investigations, claims management and risk mitigation.

RoadView automatically captures and records significant road events, including potential collisions, rollovers, impacts, and unusual vehicle movement. Reliable video evidence helps businesses investigate incidents more efficiently, protect drivers, and reduce exposure to disputes and false claims. It's AI-powered monitoring detects driving behaviours such as harsh acceleration, hard braking, and sharp cornering, helping organisations identify risk, encourage safer driving practices, and support driver coaching initiatives.

FEATURES AND BENEFITS

Harsh Acceleration detection	✓
Harsh Cornering detection	✓
Harsh Braking detection	✓
Anomalous Motion detection	✓
Potential Crash detection	✓
Roll-over detection	✓
Covered Camera detection	✓
Push to record button	✓
