

**WE
GOT
YOU**

WE GOT YOU.

We design our innovative products and smart services with one goal in mind; to safeguard and support you at home, on roads and in life.

From protecting your loved ones, running your business smoothly, or tracking and taking care of your car, you can always trust Tracker to make your life a little easier and a lot more stress-free.

Tracker RoadView Dashcam

Tracker RoadView Dashcam

TRACKER ROADVIEW DASHCAM - Always looking out

Whether you're commuting, travelling with family, or heading out on a road trip, RoadView Dashcam helps you stay protected with reliable road-facing video recording and intelligent safety technology. The dashcam automatically captures important events on the road and can provide valuable evidence in the event of an incident, helping you resolve disputes and support insurance claims.

With AI-powered detection of sudden braking, sharp cornering, rapid acceleration, potential collisions and rollover events, RoadView Dashcam acts as an extra set of eyes on every journey. It's a smarter way to stay aware, feel protected and drive with confidence every day.

**Safety & Collision
Prevention**

AI-powered monitoring that detects risky driving events and serious incidents in real time, including harsh braking, rapid acceleration, sharp cornering, collisions, and rollovers, helping improve driver safety and visibility into driving behaviour.

**Incident & Emergency
Recording**

Ensures critical moments are captured with camera obstruction alerts and a Push to Record feature, allowing drivers to instantly save important footage and preserve video evidence when it matters most.

A vertical traffic light on a black pole against a clear blue sky. The bottom green light is illuminated and contains a heart shape. To the right, a yellow circle contains the text 'Find the Tracker that works for you.' in bold grey font. A smaller traffic light is visible on a horizontal arm to the right of the main one.

**Find the
Tracker
that works
for you.**

	Eco Dashcam	RoadView Dashcam
	Eco Dashcam gives fleet operators clear visibility of both the road ahead and activity inside the vehicle, helping businesses manage risk, improve driver behaviour, and maintain operational control.	RoadView Dashcam is an intelligent road-facing dashcam designed to help businesses improve driver safety, reduce risk and gain reliable visibility into on-road events.
