Tracker Care is so personalised, it's inspired by the care you take in looking after yourself and your loved ones. You will have a convenient assist button that can be activated in a roadside or medical emergency. You can easily share your journey with family and friends.

Tracker Care's benefits include an In-App Car Guard, Zones Management and movement notifications. There's even a smart Key Tag that notifies us of any unauthorised movement of your vehicle.

Tracker Care is suitable for all vehicles and is recognised by motor manufacturers and major insurers.
